

Student Cell Phone Policy

(updated January 2020)

This form must be filled out, if a student is bringing a cell phone to school.

Cell Phone Policy

Students are not to have cell phones during the school day, or on field trips. Any students bringing cell phones to school must turn them in when they arrive to school and pick them up at the end of the day. Should a student have a cell phone that they did not turn in, the phone will be confiscated and the consequences will be:

1st Offense: The cell phone will be taken away and the student will be given a warning and reminder from the administration that they must remember to turn in their cell phone each morning. It will be returned at the end of the school day.

2nd Offense: The cell phone will be taken away and will only be returned when a parent comes in with the student to talk to the administration.

Further Offenses: Consequences for any further offences will be decided by the administration.

Cell phone use on the bus: The use of cell phones or any other electronic devices on the bus are a privilege which students can lose should they share with others, play it out loud or distract the driver. Inappropriate use of any cell phone may result in losing the privilege of being able to bring the cell phone to school.

We have read & understand the cell phone policy.
